Benefits & Features

- Supports healthy weight loss*
- Contains nutritionist-reviewed meals

FAQ

Question: Can I switch out flavors for Lean and Trimstix?

Answer: Currently the 8-Day Jumpstart product does not allow for flavor selection. Lean Chocolate and Trimstix Fruit Punch are currently included in the 8-Day Jumpstart.

Question: How is the 8-Day Jumpstart different from the 8-day programs at the beginning of a Xyngular System?

Answer: The only difference is the timeline recommendation for taking Accelerate Thermolit Blend™. Whether you take it at noon or mid-afternoon, just be consistent. The stand alone 8-Day Jumpstart also includes Resist.

Question: Can I complete a system after my 8-Day Jumpstart?

Answer: If you would like to complete a Xyngular System (such as the Ultimate) after your 8-Day Jumpstart, move directly to the post-Jumpstart guidelines for your meal planning and product usage.

Question: Can I purchase products in the 8-Day Jumpstart individually?

Answer: The individual servings of products included in the 8-Day Jumpstart are not available for purchase. You can however purchase each product included in the 8-Day Jumpstart in a 30-serving size.

Question: Can I continue taking all the same products after my 8-Day Jumpstart?

Answer: You can continue taking all the same products in your 8-Day Jumpstart after the initial eight days, except for Flush. Make sure to take at least an eight day break from Flush after your 8-Day Jumpstart program.

1. Lean: Boost your protein intake, reduce cravings, and aid lean muscle development.*

2. Xyng: Boost your energy levels, support your metabolism, and aid your appetite control.*

3. Trimstix: Curb your unwanted cravings, boost energy, and support healthy weight loss.*

4. Accelerate with Thermolit Blend™: Burn fat, support your metabolism, and suppress your appetite.*

5. Resist: Fight hunger, control appetite, and support healthy weight loss with this quick and effective appetite control wild cherry-flavored chew.*

6. Flush: Cleanse and remove toxins, improve digestion, and nutrient absorption.*
